## INTRODUCTION

Since THE WALTER STEWART FAMILY HISTORY was published in 1982, we have received many requests for more detailed information on various aspects of family history. One of the more frequent requests has been for a listing of the burial sites for the older generations in an easier to use booklet form than having to thumb through the history book. We are pleased to comply with that request.

As of January 1, 1987, the Walter Stewart Clan numbered almost 7000 known members spanning nine generations with more on the way. The sheer weight of numbers alone precludes listing all burial sites even if they were known. Therefore, this booklet covers only those members of the first four generations buried within a 20 mile radius of New Harmony Presbyterian Church in Fountain Inn, S.C. Chapter VIII lists certain other cemeteries in the general area where rest four or more of the first four generations after Walter Stewart, Sr. and his two wives, Mary Ross and Isabel Bobo. Chapter IX lists the out-of-state burial sites of our Civil War casualties.

The same format has been used in this publication as was used in the family history. For each cemetery the descendants are listed by house in code order with the name of the descendant printed in capital letters.

My sincere thanks go to 25261 Joyce Willis Pendarvis of Simpsonville, S.C. for her generous contribution for this work; 6233 Mary Lou Stewart Garrett of Fountain Inn, S.C. for her current History of Fairview Presbyterian Church and its up to date listing of those buried there; and to 15131 Myra Dill Owens of Fountain Inn for verifying Harmony Baptist-New Harmony Presbyterian Church burials.

The work of the historians continues. Please help them keep our records current by reporting all births, marriages and deaths to your House Historian or to the Chief Historian.

It is most gratifying to report that the sixth generation members are now assuming duties related to the work of the Clan. This will ensure its continuity in the years to come.

Bethany Presbyterian Church is once again an active church. The members of its congregation are to be highly commended for their work in cleaning and restoring the cemetery there. It was through these efforts that we were able to locate the grave sites of our family members said to be buried there.

31714 William F. Rawlinson  
Registrar, Walter Stewart Clan
